

Think about the possibilities of creating a vision for yourself.  
A life vision gives us purpose, direction, meaning, and focus.  
What is the vision for your life?  
If I suddenly awakened you at 3:00 am, (don't worry! I promise I won't)  
Would you be able to tell me your purpose, direction, meaning, and focus for your life?  
What are the gifts you're born with?  
How will you use them to serve others?  
Consider your life experiences and lessons.  
Where have you been?  
Where are you right now?  
Where is the path of your life taking you?  
Do you like the direction?  
If not, where do you want to go?  
Remember the "Principle of the Path"..  
Every life path leads to a destination called Consequences.  
Make the decision to create a vision...to reignite your life to exceptional new levels!  
Quality Questions are your foundation for a new journey.  
You will begin to live your life in a proactive rather than reactive way.  
Commit to asking yourself quality questions to discover your life vision.  
The quality of your life will turn out to be the quality of the questions you ask yourself.
